CREATIVE MUSIC EDUCATION MEMBERSHIP FORM ORFF SCHULWERK ASSOCIATION of NSW Inc.

ABN 65 128 556 928

PO Box 302, Thornleigh,
NSW 2120

The Orff Schulwerk Association of NSW Inc. was founded to promote creative music education and, in particular, the approach related to the educational philosophies of Carl Orff – his “school work”.

A BRIEF EXPOSITION OF ORFF SCHULWERK

Orff Schulwerk is an approach to creative music education which has been evolving for more than 70 years. It was developed by the German composer and educator, Carl Orff and his colleague, Gunild Keetman. Having spread to many countries around the world, it has been developed and adapted by Australian music educators to reflect contemporary Australian culture.

The Orff Approach is an educative process, which can be used with participants of all ages and abilities. It explores all aspects and relationships of rhythm, pitch and harmony through language, singing, movement and instrumental performance. Elementary techniques such as imitation, echo, ostinato and canon are utilised in the Orff Approach. Improvisation and composition are fundamental parts of the process.

FEATURES OF ORFF SCHULWERK

1. Through the Orff Approach, music becomes an activity in which everyone, regardless of their level of competency, can actively participate. The Approach is consistent with the Key Learning Areas (KLAs) and can be incorporated freely into any K-12 music curriculum.
2. Orff Schulwerk provides a sound and experiential basis upon which theoretical and practical musicianship can be built, whilst also providing ongoing music experiences which can be developed to considerable depth and complexity.
3. Many Orff Schulwerk activities exercise and reinforce skills in the areas of coordination, rhythmic awareness, language and vocal development and social interaction. All of which contribute to the all-round intellectual development and social and cultural interaction of the individual.
